Washington D.C. 20250 FmHA AN No. 693 (1940)

April 30, 1982

SUBJECT: Revised Allocation of Insured Operating Loan Funds - FY 82

TO: All State Directors
Director, Finance Office

The attachment to this notice revises the State allocations of limited resource insured operating loan funds as set forth in FmHA AN 636 (1940), Attachment E, dated January 15, 1982. These revisions are made to meet the current demand for loans in the various States and to make the most efficient and effective use of the available funds. The revisions reflect previous adjustments made by individual memorandums.

The revision includes moving \$60 million of regular OL loan funding authority from the fourth quarter to the third quarter and \$60 million of limited resource authority to the fourth quarter. This will result in the total fourth quarter allocation of \$75 million being available for only limited resource loans. The reduction was made in those States with at least a \$1 million balance of unobligated limited resource funds on April 21, 1982. A reduction of 40 percent was used to compute the total. The amount of regular OL funding authority of \$60 million transferred from the fourth quarter is being pooled nationally.

State Directors may request regular OL funds from the National Office reserve when their third quarter allocation of regular funds is used.

The third quarter unobligated balances in State allocations of regular and limited resource funds will be pooled nationally on June 1, 1982.
